Press Release

Suprintendence of Cultural Heritage in Gozo

Gozitan NGO Wirt Ghawdex has written to the ministers concerned expressing the need that the Superintendence of Cultural Heritage, established by Act VI of 2002, be represented effectively in Gozo.

Notwithstanding the fact that the Superintendence has been functioning for three years, in Gozo it has no office or permanent representative. There is no one in Gozo to whom one may recourse in cases of emergency.

Wirt Ghawdex has appealed to the authorities concerned so that the Superintendence will have its office in Gozo as soon as possible since the present arrangements are not satisfactory.
